Narrow Woven Ribbon with Woven Selvedge from the People's Republic of China: Final Results of Administrative Review; 2012-2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

SUMMARY: On June 9, 2014, the Department of Commerce (the “Department”) published the preliminary results and partial rescission of the 2012-2013 administrative review of the antidumping duty order on narrow woven ribbon with woven selvedge (“NWR”) from the People's Republic of China (“PRC”), in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (“the Act”).¹ The period of review (“POR”) is September 1, 2012, through August 31, 2013. Because the PRC-wide entity failed to cooperate to the best of its ability in complying with our requests for information, we preliminarily determined an estimated weighted-average dumping margin for the PRC-wide entity based on facts available with an adverse inference (“AFA”). The Department invited interested parties to comment on the Preliminary Results. No parties commented. Accordingly, our final results remain unchanged from the Preliminary Results.

SUPPLEMENTARY INFORMATION:

Background

On June 9, 2014, the Department published the Preliminary Results. The Department explained that it had initiated an administrative review of the company, Yangzhou Bestpak Gifts & Crafts Co., Ltd. (“Bestpak”) and issued questionnaires to Bestpak, which did not respond to those questionnaires. Because Bestpak did not establish that its export activities were separate from that of the PRC-wide entity, in accordance with 19 CFR 351.107(d), the Department preliminarily determined that Bestpak was part of the PRC-wide entity. Further, because the PRC-wide entity failed to provide responses to questionnaires and cooperate to the best of its ability in complying with the information requests, the Department preliminarily determined an estimated weighted-average dumping margin based on AFA, in accordance with sections 776(a) and (b) of the Act, for the PRC-wide entity. We invited interested parties to submit comments on the Preliminary Results. No party commented, nor did any party request a hearing.

Final Results of Review

As noted above, the Department received no comments concerning the Preliminary Results on the record of this segment of the proceeding. As there are no changes from, or comments upon, the Preliminary Results, the Department finds that there is no reason to modify its analysis. Thus, we continue to determine that Bestpak is part of the PRC-wide entity for these final results, and that the PRC-wide entity has failed to act to the best of its ability to responding to the Department's requests for information, warranting the application of AFA, in accordance with sections 776(a) and (b) of the Act. Accordingly, no decision memorandum accompanies this Federal Register notice. For further details of the issues addressed in this proceeding, see the Preliminary Results and the accompanying Preliminary Decision Memorandum. The final weighted-average dumping margin for the period September 1, 2012, through August 31, 2013, is as follows:
